Board Approves Tuition Increases for 2013-14

The Board of Supervisors for the University of Louisiana System today approved 10 percent tuition increases for its nine universities contingent upon meeting performance measurements. The increases would go into effect in Fall 2013.

While Louisiana law requires approval by the state legislature to raise tuition and mandatory fees, Act 741 of the 2010 Regular Session, commonly known as the Granting Resources for Autonomy and Diplomas (GRAD) Act, allows schools to raise tuition by 10 percent each year if they meet certain performance benchmarks.

Average annual tuition for the UL System will go from $5,467 to $6,013, which is almost 20 percent cheaper than peers in the southern region of the country that charge on average $7,390.

“No one wants to raise the price for our students, but it is an unfortunate necessity at this time. Our universities are cognizant of the need for funds to keep quality education and programs at acceptable and competitive levels,” President Dr. Sandra K. Woodley said.

Universities Establish Nine Endowed Scholarships

New to this year’s annual request to establish endowed chairs and professorships was a concerted focus on creating endowed scholarships at UL System schools. SOLA wants to expand its S.O. College program that connects college students and individuals with intellectual disabilities through sport. McNeese, Southeastern, UL Lafayette, LSU, and LSU Shreveport currently participate.

Universities must raise 60 percent of the funds and the Regents matches with 40 percent paid out of a state-managed education trust fund. Universities must raise $600,000 for Endowed Chairs, $60,000 for Endowed Professorships, and $60,000 for Endowed Scholarships. Due to the popularity of this match program and a drop in interest rates, there is currently a backlog of Endowed Professorships pending state matches.

offset these rising costs in the form of additional financial aid and scholarships,” said UL System President Sandra Woodley.

Today’s Board authorization was just the first of a multi-step approval process. Each university must pass its GRAD Act progress report before it can change the higher rate. UL System staff says preliminary results indicate all nine schools will pass, but those reports must come before the Board of Supervisors for approval in April and then finally to the Board of Regents in June.
